Verse 1:

The truth is the truth
And I'm finding You in the strangest places
Could Love be so willing
Could Love be so bold

A deal is a deal
A promise where finding is keeping
Could Love be so easy
Could Love be anything less

Chorus 1:

If into the heavens I fare
Love will find me
My bed made in hell and still there
Love will find me
I rise in the East with the dawn
Love will find me
Or at sea and utterly lost
Love will find me

Verse 2:

Deceit is deceit
No matter how splendid the garden
A beautiful blossom
A poisonous thorn

Love is a light
He's come and He's chasing the darkness
Fearlessly calling
Reaching into the night

Chorus 1:

Chorus 2:

Confused in my search for the truth
Love will find me
At the end of my own fortitude
Love will find me
There is no means of escape
Love will find me
Captured now I sing as a slave to Love

Love has found me
